Disclaimer:

All health and health-related information contained within this web site is intended to be general in nature and should not be used as a substitute for a visit with a health care professional. The advice is intended to offer only a general basis for individuals to discuss their medical condition with their health care provider. Your health care provider should be consulted regarding matters concerning the medical condition, treatment and needs of you and your family.

Although every effort is made to ensure that the material within this Web site is accurate and timely, it is provided for the convenience of the Web site user and should not be considered official. Users of this Web site are advised to refer to and rely upon the official version of information when making significant decisions.

Our Promise to You:

Central Florida Eye Clinic provides this Web site as a public service. We appreciate the trust you place in Central Florida Eye Clinic, and we will not jeopardize your trust in any way. We respect your privacy and are committed to protecting the security of your personal information.

Central Florida Eye Clinic has always been committed to maintaining the confidentiality, integrity and security of personal information about our current and prospective patients. We are proud of our privacy practices and take great care to protect your personal information.

Central Florida Eye Clinic may use personal information about you to diagnose, recommend and schedule a plan of care for your visual needs. When we do, we do so with respect for your privacy and it to provide you with the best care possible.

Privacy Policy:

This notice is being given to you on behalf of Central Florida Eye Clinic, and provides you with our policies on the handling of non-public personal information about you. By using this Site, you consent to our Privacy Policy set out below.

Our policy is to collect no personal information about you when you visit our website unless you affirmatively choose to make such information available to us. Any information you choose to share with us will not be disclosed to anyone outside of Central Florida Eye Clinic. We will not, without your consent, release specific personally identifiable information about you to third parties, except where such release is necessary to complete a transaction you have requested. We do not give, share, sell, or transfer any personal information to a third party unless required by law.

Use of Information:

Our primary goal in collecting personal information from you is to facilitate efficient transactions and provide you with information regarding relevant products and services. Central Florida Eye Clinic is prohibited by law in divulging any sensitive and proprietary information.

Information Collection:

If you choose to provide us with personal information (i.e. name, address, email and phone number) by sending an email, or by filling out a form with your personal information and submitting it through our Web site, we use that information to respond to your message and to help us provide you with information or material that you request.

Information Sharing:

Central Florida Eye Clinic will not sell or share information to an entity unaffiliated with Central Florida Eye Clinic for the purposes of commercial or political solicitation under any circumstance.

We limit access to personally identifiable information to only those employees who need it to perform their job duties while providing products and services to you, or to maintain or service those products or services. Personal information may be shared with and reviewed by members of Central Florida Eye Clinic only in order to assist us in providing offers for products or services that may be of interest to you. Central Florida Eye Clinic is legally bound and contractually obligated to keep the personal information confidential and to use such information only to provide the services our patients ask us to perform.

Information Security:

We maintain physical, electronic and procedural safeguards designed to protect personal information. We also may employ encryption technologies and user authentication procedures that are designed to keep your data secure. We limit access to personal information to authorized personnel who need access to provide you with the best care possible.
